

OneJAIN Awards 2024

OneJAIN Community Excellence Award - Guidelines

Service, or “Sewa” is an important part of the Jain way of life, and can be performed in many different ways. Many members of the community do Sewa, and make an impact on others, without any desire for rewards or recognition.

As a community we wish to recognise such individuals who make a significant impact so that their good work can serve as an inspiration to others.

We are looking for nominees who have made a significant impact on the community through the service they have provided voluntarily.

“Community” for the purposes of the award can mean any of the following:

- Community organisation
- Local Community (such as a town or area)
- Across the UK
- UK based initiatives or projects with international impact (i.e. working with a UK charity on an international project)

Individuals can nominate themselves for this award.

Nominations are open to Jain individuals, resident in the United Kingdom. The service for which the individual is being nominated must be either to a community in the UK or work undertaken from the UK which has impact internationally. We cannot verify work that has been undertaken internationally with no UK organisation involvement.

To give your nomination the best chance of success, please follow some of the tips outlined here:

- Keep your answers to the questions in the Nomination form brief and succinct, but provide sufficient information
- Focus on recent examples of projects and roles undertaken in the last 3 years.
- Highlight the impact that the work or project has had on people or the community
- Be specific about the work the nominee has done rather than the wider team they may have been a part of (i.e. if a team had successfully run a food-bank for the poor, what role did the nominee play in organising and participating in the food-bank).
- As we are focusing on those individuals who have made an impact on the community, it should be noted that simply holding a position on a committee or a team would not demonstrate impact. Therefore please ensure that you highlight projects or initiatives undertaken that went over and above the expected duties of the role performed in the committee or team.

Nomination Submissions:
